ABOUT ME

UX/UI Designer with 4+ years of experience in digital product development and frontend engineering. Skilled in designing user-centered experiences and translating business and user needs into intuitive interfaces and scalable products. Experienced in UX research, design systems, prototyping, usability testing, and cross-functional collaboration. Strong technical background enables effective communication between design and development teams

UX/UI PROJECTS

2026

LEVEL UP HABITS

- Conducted user research using interviews and surveys
- Created personas, empathy maps, and user journeys
- Designed low and high-fidelity wireframes in Figma
- Developed interactive prototypes and usability tests
- Iterated solutions based on user feedback

2026

AFTER STORY

- Applied information architecture and UX methodology
- Designed responsive interfaces following accessibility principles
- Built scalable design components and user flows

2026

COVE

- Collaborated in agile team workflows
- Participated in ideation, prioritization, and design sprints
- Coordinated testing and design validation activities

PROFESSIONAL EXPERIENCE

2026
2023

WEB UI DEVELOPER / UX COLLABORATION

- Globant | Spain | Aug 2023 – May 2026
- Collaborate with UX/UI teams to create scalable and reusable user interfaces
 - Participated in creating a design system using tokens and reusable components
 - Helped translate user and business requirements into accessible experiences
 - Improved interface consistency and usability across digital products
 - Developed reusable frontend components using React and Web Components

2022
2021

FRONTEND DEVELOPER / UX RESPONSIBILITIES

- Venped | Spain | Jun 2022 – Aug 2023
- Contributed to the redesign of the company's application with a usability focus
 - Developed user-centered interfaces improving navigation and workflows
 - Collaborated on UX decisions and interface enhancements
 - Built multilingual and responsive experiences

2018
2015

FRONTEND DEVELOPER

- ESVENCA | Venezuela | Dec 2015 – May 2018
- Developed interfaces and visual dashboards for operational systems
 - Worked closely with stakeholders to improve user interaction and data visualization
